[redacted]

Dear Ishvinder,

Thank you for your letter dated 7 June 2019, concerning [redacted]

I have carefully considered your representations. I have decided to grant [redacted] a special direction for her exclusion from the United Kingdom. I have also decided to grant [redacted] a nine month visitor visa subject to her meeting the health and character requirements for temporary entry, the funds or sponsorship requirement at V2.20, and to [redacted] supporting her application.

Immigration New Zealand (INZ) will not consider [redacted] failure to disclose the details of her United Kingdom immigration history when assessing her character.

[redacted] should apply for this visa from INZ within three months of the date of this letter. A copy of this letter must be included with the application. [redacted] must provide a *Form for Partners Supporting Partnership-Based Temporary Entry Applications* completed by [redacted]. The fee and immigration levy for a visitor visa will be payable.

My intervention on this occasion does not guarantee future intervention. However, if [redacted] applies for further partnership based visas and otherwise meets all of the requirements for one, I am granting her a special direction for her exclusion from the United Kingdom. . A copy of this letter must be included with her future partnership based applications. I do not guarantee the outcome of any future applications, which will be assessed against the relevant immigration instructions.

I have made this decision based on the information provided to me. INZ should be advised of any further information or material change in circumstances that may be relevant to this decision, and that information may be referred to me so I can consider its impact on my decision.

Yours sincerely

[redacted]
